Talks

Processing.R @ The 10th China R Conference

Skills

Programming

Over 5000 lines Go • Python • C++ • Java 1000 - 5000 lines $R \cdot C \cdot Scala \cdot LT_{FX}$

Cloud Computing

Familiar

Docker • Kubernetes

DevOps

Familiar Micro Services • Jenkins • Travis CI

Experience

Google Summer of Code Student Participant

2017.05 - 2017.09 | Remote

- 1318 out of 20651 applicants(6%) chosen to be a participant
- Implemented R language mode for Processing
- · Cooperated with the community to support Processing libraries and R packages
- Processing.R has 70 stars in GitHub, which becomes one of the most popular GSoC projects

Morgan Stanley CIP Project Intern

- Optimized the scheduler in treadmill, which is the open source container management system
- Implemented scheduling logics similar to Kubernetes

TouchPal Data Engineer(Intern)

2015.09-2015.09 | Shanghai

· Migrated the web crawler code to the new architecture

Alipay Java R&D Engineer(Intern) | Hangzhou

2015.07-2015.09

- Worked in the international group
- Implemented some business logic and some logic about operation platform

Projects and Papers

kubeflow Collaborator

2017.12

- Run ML stack on Kubernetes, 2400 stars in GitHub
- Refactor and maintain tensorflow/k8s

Cyclone Maintainer

2016.11

- · Cloud native continuous integration platform built for container workflow
- · Joint Research with caicloud, got 440 stars in GitHub
- · Implemented YAML parser and Docker runtime

Scrala Owner

2015.12

- · Spider framework inspired by scrapy
- · Has 70 stars in GitHub

Open Source Contributions

moby/moby Implemented docker service ps -q option opencontainers/runc Fixed an upstream bug for moby/moby#27484 pingcap/tidb Imported code coverage test; Implemented truncate function

prism-river/killy Maintainer, Play TiDB in Minecraft Visual Studio Code plugin maintainer coala/coala-vs-code situg/SITUThesis Maintainer, SJTU thesis template

Awards

| 2017.10 | 2nd Prize | Go Hack 2017 |
|---------|---------------|--|
| 2017.10 | PingCAP Award | Go Hack 2017 |
| 2017.10 | Scholarship | Intel |
| 2016.11 | 1st Prize | 7th China Students Service |
| | | Outsourcing Innovation & Entrepreneurship Competition |
| 2016.09 | 2nd Prize | 13th National Post-Graduate Mathematic Contest in Modeling |
| 2015.03 | 2nd Prize | Interdisciplinary Contest In Modeling |
| 2014.11 | 1st Prize | National Mathematical Contest in Modeling |
| 2014.07 | 2nd Prize | DaZhongDianPing Geek Challenge |
